Dear Sir:

In the Office Action mailed on 19 October 2004, prosecution as to the merits of this Patent Application was closed. Applicants are filing this Request for Continued Examination (RCE) Patent Application for consideration of a Third Information Disclosure Statement and the enclosed prior art references.

I hereby certify that this correspondence (along with any paper referred to as being attached or enclosed) is being deposited with the United States Postal Service as First Class Mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on

The subject matter of the enclosed 1990 prior art references from *HUNTING WORLD* are closely related to and Kuhn, U.S. Patent 6,663,518, which Applicants cited in the First Information Disclosure Statement filed on 15 January 2004, and are also closely related to Kuhn, U.S. Patent Application Publication US 2004/0074483.

In view of the Examiner's comments regarding the prior art, in the Office Action mailed on 19 October 2004, Applicants point out that each of independent Claims 1 and 11 require a steering element to extend outward from a flat surface of a blade or an insert mounted within a cutout of a blade.

Applicants believe that this Patent Application is now in condition for allowance.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Douglas H. Pauley", is written over the printed name.
